

HARROW OPERA

BALLO REHEARSAL SCHEDULE #1

Scene divisions refer to the Breakdown Sheet issued separately

I've planned a rehearsal schedule around peoples' known availabilities to the end of January. By then we will have covered the whole opera – some scenes several times - and can then assess where the gaps are. Please let me know if you have any NAs I haven't taken into account.

If you're called, please be prepared to attend the whole session initially, though obviously I can allocate precise times when we get more used to scene length.
